Sponsor Program

The sponsor program is as follows, that if any American National feels that someone is being unfairly excluded from being an American National, then the protester can sponsor that man or woman.

Sponsor means: The protester is fully responsible for that man or woman. Answering all questions, paying for the paperwork it will take when that man or woman gets into trouble based on their ignorance in any foreign court.

The sponsor will answering all questions through phone calls or face to face, thereby fully educating that individual at the sponsor's expense.

If the sponsor has to ask questions of other American Nationals, then the sponsor pays for the American Nationals time and expertise in the subject matter.

The sponsor is fully responsible for the sponsored until that sponsored can stand on their own and start contributing to The United States of America in accordance to the oath or affirmation taken by that particular American National.

It is believed that once that protester feels the sting of personal time spent away from their own family and the personal resources that it takes to educate people that do not want to pick up a book or read the Articles of Confederation as amended and figure out how the Government operates on their own and they want some tutoring a fee is hereby authorized by the assembly.
