Day in the Year of Yahweh 6023, translation date November 19, 2021. The Respondent is in dishonor and therefore are in omission to the war crimes presentment of the Claimant, and

WHEREAS, the Tribunal has examined all evidence and deliberated the elements of the case brought forth by the Claimant with fairness in non-arbitrary sentencing. The War Crimes Tribunal for The United States of America has the legal obligation to ensure that the most severe crimes of concern to The United States of America and the International community do not go unpunished and are not in conflict with the Law of Nations, and

WHEREAS, the Tribunal agrees that the evidence published in the True Bill of Indictment in the American Herald Newspaper [LINK](#) presented is sufficient to find the Respondent guilty of war crimes inherent within the principles established within Article 1 of the Nuremberg Code, and

*Nuremberg Code -The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision. The latter element requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment.*

WHEREAS, the Respondent has threatened to force all public employees, inhabitants, and civilian populous of the alleged State of Oregon into forced compliance with the injected experimental medical gene therapy, eliminating the right of choice to consent to medical experimentation in violation of the Nuremberg code by restricting their fundamental human rights, now classified as Public Laws-101, and

WHEREAS, the Tribunal finds the Respondent to be instrumental in implementing Operation Warp Speed, where various pseudo-governmental agencies previously classified as terrorist organizations [LINK](#), and [LINK](#), are now classified as arms dealers, complicit and fully engaged in the manufacturing, distribution, and administration of an experimental synthetic gene therapy under the guise of an alleged vaccine, hereinafter known as a bio-weapon, and

WHEREAS, the Respondent has a right to state the dictates of each own's conscience on social media platforms such as Twitter, yet everyone is responsible for their statements should those

statements violate the legal rights and obligations of others. Respondent Lisa Reynolds has not only violated the rights and obligations of others, [LINK](#), but has a position within the political subdivision of Oregon wherein Respondent has now arbitrarily taken power of attorney over civilian inhabitants' intangible religious, medical, and natural obligations and rights, by advocating for mandates to inject the civilian inhabitant populous with a bio-weapon, and

WHEREAS, the Tribunal agrees and finds that the Respondent has actively participated in a conspiracy to create fear among the civilian inhabitant populous using the well-known communist tactics of demoralization [LINK](#) and manipulating civilians into accepting a totalitarian regime, that claims medical power of attorney over its civilians through the guise of a state of emergency issued by the Secretary of Health and Human Services, to force mandatory inoculations of experimental vaccine bio-weapons by espousing communist propaganda, through abuse of her public governmental communications platform, and therefore the Respondent assumes all liability in the Respondent's personal capacity in violation of all Thirty (30) Articles of Public Laws-101, and

WHEREAS, this Tribunal, in consideration of all matters set forth by the Claimant, finds the Respondent guilty of violating all Thirty (30) Articles of Public Laws-101, and gives witness to the existence of war crimes against the Nuremburg Code. The Tribunal further agrees that the evidence conveys that the Respondent had malicious intent to strongarm the public through ideological subversion into surrendering tangible and intangible property rights to determine what is best for their health and wellbeing, and

WHEREAS, the Tribunal finds the Respondent to be an instrument of a dictatorial order that is undertaking active measures to normalize communist rule in the alleged State of Oregon, which destroys free enterprise and deprives inhabitants of advancement and enjoyment of society imposing tyranny, wherein human rights are not honored or enforced for the inhabitants, and

WHEREAS, the Tribunal finds that Respondent is actively participating in a war against civilian inhabitants, as declared into existence by Donald J. Trump [LINK](#) on March 19, 2020 saying, "The fight to slow the spread of COVID-19 is "our big war," Trump said Thursday. "It's a medical war. We have to win this war. It's very important." wherein there is no legal obligation to declare or engage in an unprovoked war of aggression upon any civilian inhabitant population and is a violation of the *Law of Nations* Book III Chapter I "Of War,—its different Kinds,—and the Right of making War" §3. "Right of making war."

WHEREAS, the Tribunal agrees and finds that the Respondent's actions in aiding and abetting the world communist agenda under the Georgia Guidestone [LINK](#) compact is an act of international terrorism and a capital crime against society, and against the body politic of the

political authority in social compact agreement established as first among equals in a state of nature in accordance with the *Law of Nations* as codified in International Law under **Book I, "Nations in Themselves," Chapter XIII "Of Justice and Polity," §158, "A nation ought to make justice reign;"** and

*The Law of Nations Book I, Chapter 13, §158 A nation ought to make justice reign. Next to the care of religion, one of the principal duties of a nation relates to justice. They ought to employ their utmost attention in causing it to prevail in the state, and to take proper measures for having it dispensed to everyone in the most certain, the speediest, and the least burthensome manner. This obligation flows from the object proposed by uniting in civil society, and from the social compact itself. We have seen (§15) that men have bound themselves by the engagements of society, and consented to divest themselves, in its favor, of a part of their natural liberty, only with a view of peaceably enjoying what belongs to them and obtaining justice with certainty. The nation would therefore neglect her duty to herself, and deceive the individuals, if she did not seriously endeavor to make the strictest justice prevail. This attention she owes to her own happiness, repose, and prosperity. Confusion, disorder, and despondency will soon arise in a state, when the citizens are not sure of easily and speedily obtaining justice in all their disputes: without this, the civil virtues will become extinguished, and the society weakened.*
