WHEREAS, Respondent is in default having failed to respond and address the claims set forth by the Claimant within the published International True Bill of Indictment in any form on the 286th Day in the Year of Yahweh 6023, translation date December 30, 2021. The Respondent is in dishonor and therefore is in omission to the war crimes presentment of the Claimant, and

WHEREAS, the Tribunal has examined all evidence and deliberated the elements of the case brought forth by the Claimant with fairness in non-arbitrary sentencing. The War Crimes Tribunal for The United States of America has the legal, lawful obligation to ensure that the most severe crimes of concern to The United States of America and the International community do not go unpunished and are not in conflict with the *Law of Nations*, and

WHEREAS, the Tribunal agrees that the evidence published in the True Bill of Indictment in the American Herald Newspaper [LINK](#) presented is sufficient to find the Respondent guilty of war crimes inherent within the principles established within Article 1 of the Nuremberg Code, and

*Nuremberg Code -The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision. The latter element requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment.*

WHEREAS, the Tribunal finds the Respondent to be instrumental in implementing Operation Warp Speed, where various pseudo-governmental agencies previously classified as terrorist organizations [LINK](#), and [LINK](#), are now classified as arms dealers, complicit and fully engaged in the manufacturing, distribution, and administration of an experimental synthetic gene therapy under the guise of an alleged vaccine, hereinafter "lethal bio-weapon", and

WHEREAS, the Tribunal finds the Respondent guilty of committing genocide as part of the globalist communist Agenda 21 and 30, a New World Order consisting of a one world government and pre-meditated and well-constructed global depopulation agenda carved in stone on the Georgia Guidestones that serves as the Respondent's communist social compact [LINK](#), and

WHEREAS, the Tribunal finds the Respondent to be an instrument of a tyrannical dictatorial order enforcing medical tyranny for the purposes of committing genocide against the inhabitants and civilian inhabitant populace in collusion with the U.S. Congress [LINK](#), under the illegal world communist government social compact displayed on the Georgia Guidestones [LINK](#), and

WHEREAS, the Tribunal finds the Respondent to be an instrument of a dictatorial order enforcing Communism, which deprives the civilian inhabitant populace advancement and enjoyment of society and imposes tyranny wherein human rights are not honored or enforced for the inhabitants, but those are honored and enforced for the Respondent in collaboration and collusion, conspiring with the medical community, the Connecticut BAR Association, and the corporate subdivision of Connecticut, the Supreme Court of Connecticut, and

WHEREAS, the Tribunal finds the Respondent to be a communist agent and an instrument of a dictatorial order enforcing the communist agenda, and

WHEREAS, the Respondent is ordering the lethal bio-weapon be injected with pre-meditated and/or malicious intent, and is fully aware of the injury and deaths [LINK](#) caused by the injected nano-particle operating system maliciously classified as a vaccine for purposes of delivering the lethal bio-weapon system into the civilian inhabitant populace for depopulation [LINK](#), and

WHEREAS, the Tribunal agrees that no underlying emergency exists, as the SARS CoV-2 has an overall survivability rate of 99.7% globally, [LINK](#) and has a survivability rate comparable with the common flu [LINK](#), and

WHEREAS, the Tribunal agrees the Respondent, Edward Miner Lamont Jr. acting as Governor for the corporate subdivision of Connecticut, has granted himself separate privileges and benefits for members of the corporate subdivision of Connecticut having hijacked the State constitution [LINK](#) by creating a private legal society using foreign emoluments as a foreign corporate subdivision of the United States of America [LINK](#) masquerading as a nation State in violation of the *Law of Nations*, Book 1 "Of Nations considered in themselves," Chapter III, "Of the Constitution of a State, and the Duties and Rights of a Nation in that respect", § 30, "Support of the constitution, and obedience to the law;" wherein it states;

*The constitution and laws of a state are the basis of the public tranquillity, the firmest support of political authority, and a security for the liberty of the citizens. But this constitution is a vain; phantom, and the best laws are useless, if they be not religiously observed: the nation ought then to watch very attentively, in order to render them equally respected by those who govern, and by the people destined to obey. To attack the constitution of the state, and to violate its laws, is a capital crime against society; and if those guilty of it are invested with authority, they add to this crime a perfidious abuse of the power with which they are intrusted. The nation ought constantly to repress them with its utmost vigour and vigilance, as the importance of the case requires. It is very uncommon to see the laws and constitution of a state openly and boldly opposed: it is against silent and gradual attacks that a nation ought to be particularly on its guard.*

WHEREAS, the Tribunal finds the evidence presented conveys that the Respondent erroneously believes the civilian inhabitant populace fall under the classification of subjects of medical experimentation, and advocating on behalf of declared terrorist, satanic organizations such as the FDA and CDC [LINK](#), and [LINK](#), Respondent assumes the obligation and right to claim medical power of attorney over the civilian inhabitant populace within the alleged nation state of Connecticut, thereby infringing upon said populaces' intangible rights to intangible property with the intention of determining what is best for the health and well-being of said populace, thereby violating basic human rights through forced association and denying the obligation and right to private property, and
